**Subject: Turn your old clothing into extra funds for YOUR school**

Dear Parents,

We are proud to inform you that our school is participating in a SUPER RECYCLERS clothing drive. The Super Recyclers mobilize students and their families around an eco-social-responsible movement to fund a project for their school by collecting used clothing.

By mobilizing, you (the students, parents and the entire community) will make a difference and will help fund a project for Edgewater School. On top of that, you will give the school a chance to win a \$1,000 grant!

**A simple and profitable group project!**

Students, families and the whole community bring used clothing, shoes and linens to the school on a specific pre selected date. A truck will go to our school on November 30 and December 1 to pick up the donated clothing. The school receives a sum of money, based on the total weight of collected items, that can be used to finance a specific project.

So, in one fell swoop, the student participates, recycles and improves his/her school's future.

**Money raised by Edgewater School will help support:**

- 1) The Youth Upliftment Organization (College Amelioration Jeunesse) a school in the Dominican Republic solely funded by donations.**
- 2) Grade 6 grade activities**

**Date for the used-clothing drive: November 30th and December 1st (interview days)**

We are counting on you, Edgewater community, to help your child make a difference for his/her school.

**What is accepted?** New and used clothing for men, women and children, handbags, backpacks, scarves, hats, gloves, furs, shoes, boots, bedding (sheets, comforters, cushions, towels), curtains, fabrics, leather accessories, toys in good condition (so other children can play with them) and plush toys. The Super Recyclers do not accept carpets and pillows.

**The heavier it is, the more it pays!**

To find out more about the project this drive will finance, go to your school's page on:

Thank you for your support,  
Mrs. Kapitsky
